Transitions

ALiSEA

ALiSEA Network

03rd April 2025

ALiSEA Network

- An Open coalition of multi-stakeholders promoting a broad understanding of Agroecology (over 200 members in the 5 countries, Cambodia, Vietnam, Laos, Myanmar and Thailand)

Goals:

- Answer need for knowledge exchange and experiences sharing
- Foster interactions and create safe space for stakeholders
- Increase visibility of agroecology of local initiatives
- Bring up and contribute to national and regional policy

engagement

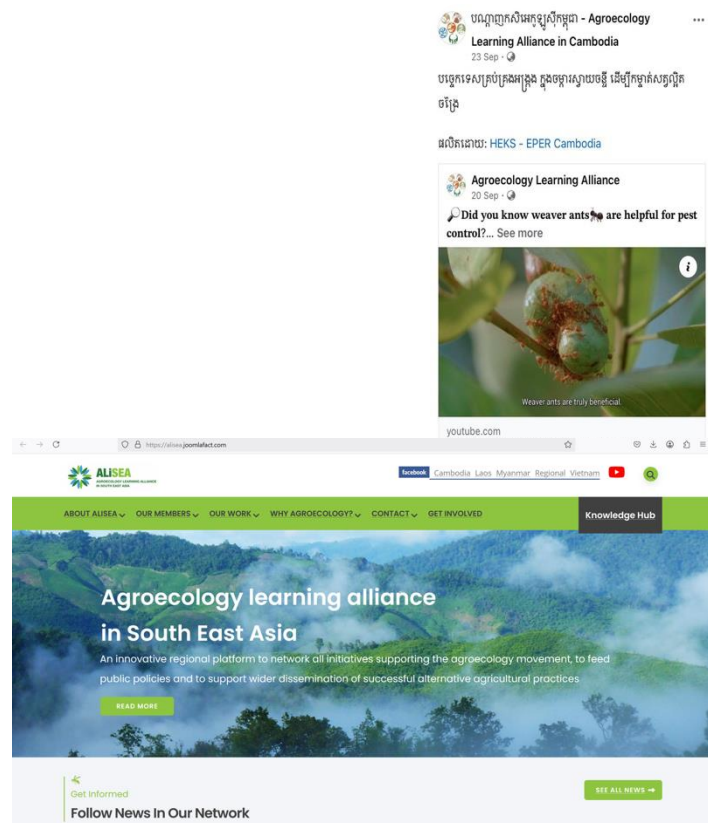

ALiSEA Co-design pathways

	Cambodia	Laos	Vietnam
Pathway N1	Lack of knowledge and experiences in AE from farmers and stakeholders	Support Young Farmers . Increase Knowledge from national & international exchanges .	Lack of collaboration between S stakeholders
Pathway N2	Limited market access and premium price for AE products	Limited technical capacity of FOs, technicians on AE, SF and increasing trend of AE/SF products due to health and safety concerns	Consumer demand for healthy food
Pathway N3	Linkages and collaboration with Policy Dialogue Platforms	Poor management of agricultural chemical use	Government Policy Support to Agroecology

Modalities of action

Communication & Networking

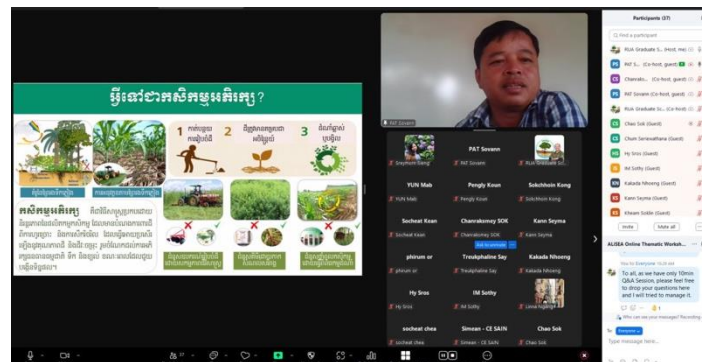

- Strong engagement between ALiSEA members
- Digital outreach,
- Agroecology digital campaign, consumer day
- Journalist engagement: agroecology articles and video reports

Modalities of action

Capacity building to members

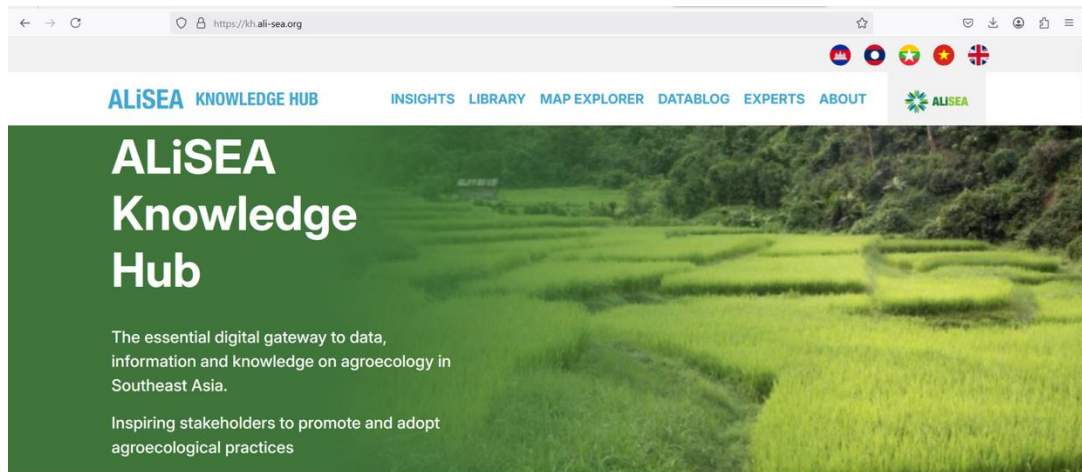

- Co-creation training tools
- Agroecology technical training & soft skill training
- Agroecology field visit
- Workshops, online webinars:

Modalities of action

Knowledge management:

- Co-creation knowledge products
(practice brief, technical leaflet, storytelling, video)
- Knowledge hub (online library)

Modalities of action

Policy engagements

- Initiate and participate in policy dialogue to promote the Agroecology at national and regional level
- Co-creation field evidences
- Collaborate with existing platform

Modalities of action

Small grant facilities: aims to strengthen ALiSEA members and its partners in support to agroecology transition in the Sub-Mekong Region

- Demonstrate innovative practices
- Knowledge sharing in community
- Knowledge products development

01

SUPPORT AND IMPROVE MARKET ACCESS FOR AGROECOLOGICAL PRODUCTS

Aims to contribute to the creation or strengthening of sustainable markets for agroecological products, in a holistic way.

02

LINK FIELD EXPERIENCE IN AGROECOLOGY AND FOOD SYSTEMS TO PUBLIC POLICY FRAMEWORK

To strengthen ALiSEA members as recognized contributors to national and regional policy dialogue debates, to highlight the impacts of the agroecological transition and to push policy-makers toward integrating more agroecological practices in policies.

03

EMPOWER AND STRENGTHEN WOMEN AND YOUTH INVOLVEMENTS IN AGROECOLOGY

Aims to encourage youths in understanding, applying, and benefiting from innovative agroecology farming and approaches

Key highlights about ALiSEA network

Network's capacity to mobilize a diverse and large number of stakeholders

- Around 50 members organizations in each country (Cambodia, Laos, Vietnam)
- Foster experience sharing, facilitate discussion and promote agroecology scaling up

Network developed and engaged in Knowledge Management Strategy

- Document field evidence and experience,
- Enhance the creation by network members of knowledge products
- Reference and enhance the accessibility of documents related to agroecology

Network engaged to contributing and feeding national and regional policy platforms for discussion and actions to support policies changes
