Agroecology and
Safe Food System
Transitions

ALiSEA

ALiSEA Network

Policy Engagement

04th April 2025

ALiSEA Network

- An Open coalition of multi-stakeholders promoting a broad understanding of Agroecology (over 200 members in the 5 countries, Cambodia, Vietnam, Laos, Myanmar and Thailand)

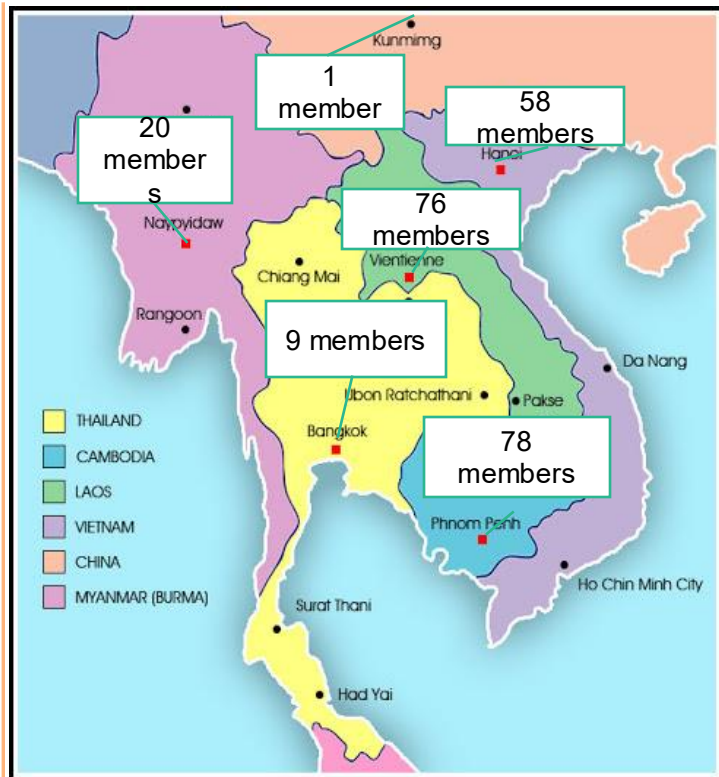

Goals:

- Answer need for knowledge exchange and experiences sharing
- Foster interactions and create safe space for stakeholders
- Increase visibility of agroecology of local initiatives

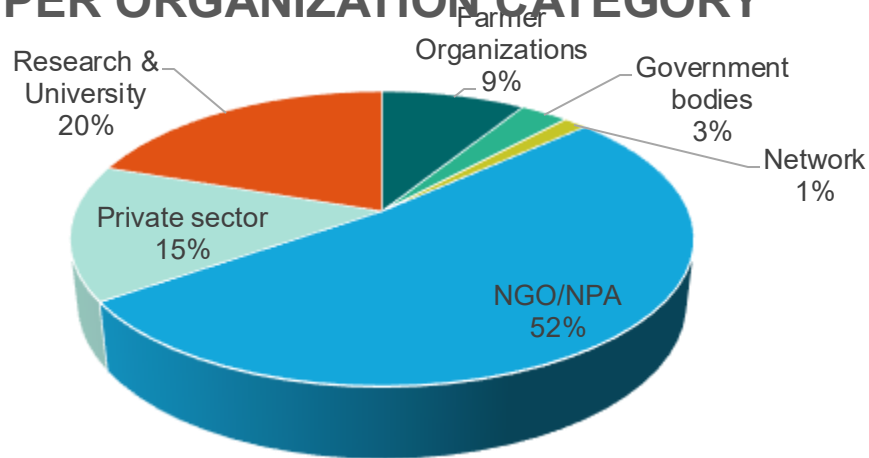

ALiSEA members

Total Members by 31st December 2024: **202** organizations

PER ORGANIZATION CATEGORY

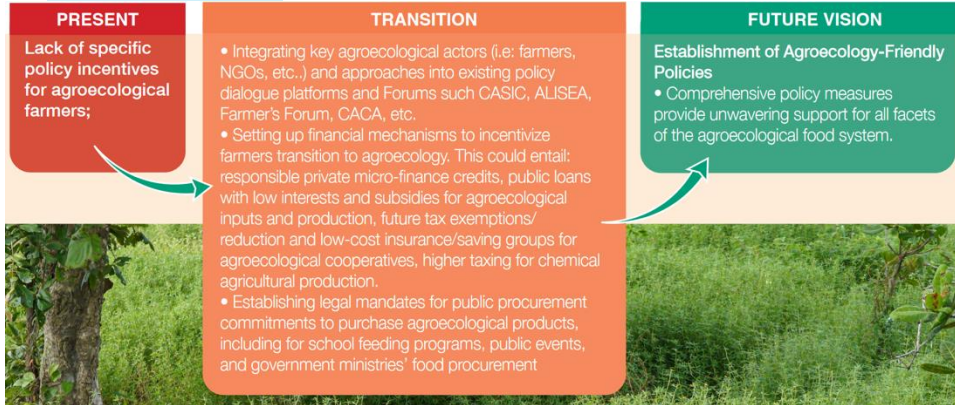

- Farmer Organizations
- Government bodies
- Network
- NGO/NPA
- Private sector
- Research & University

ALiSEA Co-Creation Pathways

	Cambodia	Laos	Vietnam
Pathway N1	Lack of knowledge and experiences in AE from farmers and stakeholders	Support Young Farmers . Increase Knowledge from national & international exchanges .	Lack of collaboration between S stakeholders
Pathway N2	Limited market access and premium price for AE products	Limited technical capacity of FOs, technicians on AE, SF and increasing trend of AE/SF products due to health and safety concerns	Consumer demand for healthy food
Pathway N3	Linkages and collaboration with Policy Dialogue Platforms	Poor management of agricultural chemical use	Government Policy Support to Agroecology

ALiSEA Policy Pathways

Cambodia

Laos

Vietnam

ALiSEA Policy Engagement

Aims to become a **key player** in promoting AE transition in Mekong Region & **influencing policy** towards an environment conducive to AE implementation

Approach

A/ Multi-stakeholders engagement discussion and evidence creation

- Facilitate thematic discussion and experience sharing among the network
- Engage members in documenting field evidence of agroecology to showcase benefits

B/ Policy Engagement Strategy

- Contribute to existing **national** policy platforms to bring up ALiSEA members concerns & key messages (Lao AE SSWG, CASIC etc)
- Organizing workshop and exchange visit with government representatives

C/ Partnership Strategy Development

- Intend to develop partnership strategy with other existing networks to joint efforts, like AsiaDHRRA & AFA

Policy Implementation

Cambodia:

- Policy consultation workshop with ALiSEA members and stakeholders
 - Defining and prioritize main thematic to be implemented
- Members and stakeholders engagement
 - Create working group
 - Co-creation field evidences: policy briefs, knowledge products
 - Collaborate with national platforms (CASIC, Farmer Forum)

Laos:

- Policy workshop:
 - Agriculture and food consumption: Promoting and understanding of policy and strategic issues related to the Agriculture & Food consumption
 - Agriculture input: defining the issue of chemical input and define the opportunity among the reverent stakeholders to promote Agroecology
- Members and stakeholders engagement
 - Collaborate with members: develop field evidences, policy brief, knowledge products
 - Collaborate with national platform (AE-SSWG,..)

Main key interventions to scaling up

- **Pursue Journalists/Media stimulation to raise citizens' awareness on agroecology and food related topics** (through training, field visit, facilitate contacts).
- **Support and enhance the implementation of agroecological innovations through Small Grant Facility (SGF) and stronger collaborations with research networks (ASEA, MALICA).**
 - Collaboration between members and research networks by promoting joint actions-research programmes.
 - The direct funding will enable members to implement concrete initiatives that respond to needs on the ground
- **Boost AE Knowledge Production and dissemination:**
 - to enhance access to a broader set of knowledge and
 - to increase the documentation of concrete field evidence in national languages
- **Enhance farmers' knowledge exchange**
 - Collaborate and co-organize capacity building session
 - Knowledge exchange among the farmer organizations
