

# ASEAN-CRN

# [www.asean-crn.org](http://www.asean-crn.org)

- A **platform for regional exchange** of information, experiences and expertise on climate-smart agriculture and land use
- The network facilitates the **translation of science into policies** and **finds resources** to support needs of the sector

# Climate Change Challenges

- ASEAN faces the recurrent challenges of CC to ensure food security amidst economic and population growth
- In 2014, ATWGARD, led by Thailand, initiated *Climate Resilience in Rice and other Crops* which led to the formation of ASEAN CRN; TOR endorsed by SOM AMAF

# Impacts on ASEAN Agriculture

2015

The 37<sup>th</sup> Meeting of the ASEAN Ministers  
of Agriculture and Forestry (AMAF)

10 September 2015 • Makati City, Philippines

The ASEAN Regional Guidelines for Promoting CSA  
Practices were endorsed by the ASEAN Ministers of  
Agriculture and Forestry (AMAF)

*\*at the 37th Meeting of the AMAF*

COP29:  
It's Time to Act.

AGRICULTURE SECTOR READINESS  
FOR ENHANCED CLIMATE FINANCE  
AND IMPLEMENTATION OF  
KORONIVIA JOINT WORK ON  
AGRICULTURE PRIORITIES IN  
SOUTHEAST ASIA

9<sup>th</sup> November 2022  
At Thailand Pavilion, COP27, Sharm el Sheikh

# What makes CRN tick?

- Rooted on the ground
- Openness and Inclusivity
- Collaborative
- Driven by outputs and outcomes
- Strong technical and scientific support
- Creative and fun

# Partner Engagement

# Approach

The network links scientific institutions and development agencies to policymakers, and provides a platform for dialogue between relevant stakeholders at national, regional and international levels.
